TestPoint Drug Testing

when quality work is your priority

Employee drug testing is not about invading employee privacy; it is about maintaining a healthy and safe work environment. Employee drug testing programs, such as TestPoint drug testing services ensure the quality of work is not effected by substance abuse.

TestPoint Medical is the Midwest's leader in employee drug testing services. With affiliated collection sites all over the country for DOT and non-DOT drug testing, you can count on our affordable and professional drug testing services.

** Our employees are DATIA certified and follow all protocols.*

TestPoint DNA Services

knowing matters

Fear, anxiety and doubt cause more stress in your life when you are unsure who the father of your child is. You need answers so you can move forward with your life. Our DNA paternity test will provide you with peace of mind. The process only takes about ten minutes and you will receive results in approximately 4 business days. In most instances our DNA paternity test is legally binding in a court of law. DNA testing is great for family relationship tests, adoption tests, and immigration tests that may be required or simply for peace of mind.
